ELECTRICAL DISCLOSURE STATEMENT

REFERENCE: FLORIDA STATE STATUE 489.503(6)

THE OWNER MUST PERSONALLY APPEAR AND SIGN FOR THE ELECTRICAL PERMIT

State law requires electrical contracting to be done by licensed electrical contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own electrical contractor even though you do not have a license.

You may install electrical wiring for a farm outbuilding or a single-family or duplex residence.

You may install electrical wiring in a commercial building the aggregate construction costs of which are under \$75,000.

The home or building must be for your own use and occupancy. It may not be built for sale or lease. If you sell or lease more than one building you have wired yourself within 1 year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption.

You may not hire an unlicensed person as your electrical contractor.

Your construction shall be done according to building codes and zoning regulations.

It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.

Must be signed in the presence of a Notary

Signature of Owner or Agent (including Contractor)
